

## LOCAL NEWS.

**DISSATISFIED RADICALS.**—A delegation composed of Edward Hughes, John A. Seaton, Geo. L. Seaton, A. W. Harris, R. L. Mitchell, Jno. Montgomery and some others from this city, called upon the new U. S. Commissioner of Revenue Pratt and President Grant yesterday, and requested them to take some steps looking to the reorganization of the Postoffice, Custom House and Internal Revenue offices in this city. R. L. Harris was spokesman. The Commissioner, after hearing what the delegation had to say, replied that he would give the subject his attention, and asked if any charges had been made against the present incumbents of the offices referred to, and was told that some had been made and would be again presented. The President received the delegation cordially, and gave them the matter his careful consideration, and also promised to send a special agent to Alexandria to investigate thoroughly the whole matter. The papers presented by the delegation, which were signed by over four hundred radicals, were referred to the Secretary of the Treasury for action. We understand that another delegation will urge this same matter in a day or two.

**MISSING FISHERMAN.**—On Wednesday morning, about one o'clock, a number of colored men who had been employed at the fishing shores were on their way to their homes in Washington in a boat called the Mayflower, when they stopped at this city, and nearly the whole party got drunk. It is alleged that while here Benj. Wright and James Roy had a dispute, and the former threatened the latter. All got back into the boat and started for Washington, where the boat arrived early in the morning. On its arrival Roy could nowhere be found, and his clothes and boots were found on the boat. These statements came to the ears of the police, who made inquiries among those who came up on the boat, and on information received arrested Wright on suspicion of murder. Yesterday morning Wright was committed to the Washington jail for a further hearing. Others of the party are of the opinion that Roy did not leave this city, and that he will "turn up all right" in a short time.

**A SURPRISE.**—A day or two since a gentleman from Augusta, Georgia, on his way to this locality, stopped in Baltimore, and enquired for a certain gentleman. He was informed that the gentleman sought for was in "Alexandria, a little place, just across the river from Washington," &c. He repaired here; and, in conversation with one of our city physicians, who aided him in finding the sought-for friend, he informed our disciple of Galen that he was utterly surprised when he reached here. "Why, sir," said he, "instead of finding a little place, just across the river from Washington," of 4 or 5 hundred inhabitants, I find, apparently, a flourishing city, of 16 or 18,000 inhabitants, and certainly one of the very prettiest I have seen in my travels through the United States." Just so! We wish that more of the people in this "happy land" might visit our ancient city, and we feel sure many would tarry for their natural lives.

**COUNTY RADICALS.**—At a meeting of the Radicals of Washington Township last night, Wm. Mathews was nominated for Constable; Caleb Birch, for Overseer of the Poor; Lechwood, Cunningham and Casteller, for School Trustees; S. Smith, M. Jackson, J. C. Cunningham, Vandenberg and R. Butcher, as delegates to the county convention; and C. Casteller, for Commissioner of Roads.

The Radicals of Arlington Township assembled in the colored Odd Fellow's Hall, in the Village, last night, and nominated candidates for the various offices of the magistracy district, and elected H. D. Smith, R. S. Lwms, Wm. Wornley, Louis Syllax and Henry Holmes, delegates to the county convention.

**FIRE IN FAIRFAX.**—Early on the morning of Wednesday last the store at Pohick Church, occupied by Mr. R. H. Harrover, together with some of its contents, was destroyed by fire, supposed to have resulted from the work of an incendiary. Mr. Harrover was asleep in the building when the fire broke out, and was awakened by the sparks that fell on his face. The stock of goods was valued at \$500, and was damaged to the extent of about fifty dollars, most of the articles having been taken out uninjured. There was no insurance, either on the store house or on the goods.

**MURDER.**—The body of a colored man named Charles Green, was found floating in Mattawoman Creek last Monday, and a coroner's inquest having been held upon it, and the verdict of the jury being that the deceased came to his death from a gun-shot wound in the head, it was buried on the river shore. The deceased was a hand on board the long-boat Poweroy, or Edward Boyd, Capt. Henry Washington, which passed by here yesterday bound to Washington. The murdered man lived in this city with his wife.

**NARROW ESCAPE.**—Hough Boyer, a little seven years old son of Mr. John L. Boyer, while getting water from a hoghead in his father's yard, yesterday evening, lost his balance, and fell in, and was almost drowned when the noise of his feet kicking against the side of the hoghead attracted the attention of his father, who immediately ran to his assistance and rescued him.

**THE FISHERY.**—All the fishing shores on the Potomac, except that at Bryant's Point, have "cut out," and the receipts from that, and from the gilliers, who are still fishing, have been so small since yesterday's report, that they sold at fancy prices.

**REDUCED FARE.**—It was reported here this afternoon that the Baltimore and Ohio Railroad Company have reduced the fare from Washington to Baltimore to 25 cents, 37½ cents for a round trip ticket.

## LOCAL BREVITIES.

Mr. Virgil P. Corbett who has been the Treasurer of Alexandria county ever since the war, and who has been suffering with an abscess in the lungs for two weeks past, is said to be gradually sinking, and but little hopes are entertained of his recovery. It was reported at Arlington last night that he was dying.

A meeting of the Virginia University Alumni Association of this city will be held at the office of Mayor Kemper, to-night when delegates to the semi-centennial celebration of the University of Virginia, which will take place in June next, will be elected.

Mr. George E. Yeatman an old and respected citizen of Warrenton, died suddenly in that town yesterday. He was apparently in the enjoyment of his usual health a few minutes before his death.

Among the delegations of Virginians who called on the President yesterday in favor of the retention of Collector Rives, of the 5th (Lyochburg) District was Benjamin Austin of Alexandria county.

The contract for lining the new reservoir of the Alexandria Water Company at Mount Cameron, the bids for which were opened yesterday, will not be awarded before next week.

It will be seen by the report of the proceedings of the Episcopal Council, in session in Richmond, that Alexandria has been chosen as the place of the next meeting.

The valuable property near Fishtown known as the Alexandria Distillery, will be sold by auction to-morrow.

## Fires.

**BALTIMORE, May 21.**—Coulson's glue and bone factory, near Greenmount Cemetery, just outside of the city limits was burned this morning. Loss on building, machinery, and stock probably \$15,000.

**CORONERS, N. Y., May 21.**—The saw mill, handling shorn, polishing room, finishing and packing departments, connected with the axe manufacturing works of the Wood & Becker Manufacturing Company, were burned this morning. Loss \$50,000; fully insured. A large number of men are thrown out of employment by the disaster.

**PHILADELPHIA, May 21.**—This morning a fire occurred in the mill owned and occupied by David Hay, on Cresheim Road, Mount Airy, near this city. The loss is estimated on the machinery, \$10,000; stock, \$5,000; building, \$2,000; insured, machinery, \$3,000; building, \$2,000; stock, \$2,000. In the building there was also a machine valued at \$1,000 placed there on trial by a Massachusetts party, being a patent for separating cotton from wool in fabrics. This is completely ruined. The manager of the mill in his efforts to rescue his goods was seriously burned.

## Grasshoppers.

**NEW YORK, May 21.**—A Greeley, Colorado, dispatch says: The grasshoppers hatched three and four weeks ago in vast numbers. Three-fourths of the wheat in these valleys is destroyed, but 1,000 acres in the Union colony is untouched. The grasshoppers are about half grown. In two or three weeks they will have wings and then fly away. A portion of the farmers feel that they are ruined. Only a little corn has been planted, but it has not been touched. Wheat can be sown early in June and make a crop, but the great need is for seed. There is plenty of time for planting corn, and no gardens are yet planted. Market gardeners save much by flooding and hiring children to sweep the grasshoppers into the ditches with brooms. In other parts of Colorado there were still more successive hatches. Business men are loaning money without interest to buy seed. A fire machine is in use and is effective, but it is invented too late to save this crop. The pests are equally bad in the mountain ranches. They hatched a month earlier than common, hence the damage. No visitation has been so destructive since 1865.

## Temperance.

**ST. LOUIS, May 21.**—The Women's State Temperance Mass Convention met here yesterday evening and organized. Committees on various kinds of business were appointed with the view to a permanent organization. At the night session Mrs. Mary M. Cleary read an essay on the results of women's crusades, in which she claimed that the crusades last year were of divine inspiration; that they were designed to preserve the morals of the people; they had occasioned the closing of 7 distilleries and 597 saloons in ten districts of Ohio; but the most beneficial result was the impetus they gave to the temperance movement in the country.

Mrs. Frances Miner, Miss Phoebe W. Cozens and several other ladies of this city had an informal discussion at Jefferson City last night with the Committee on Elections and Electors of the Constitutional Convention, on the subject of putting a clause in the new constitution giving the ballot to women.

## Foreign News.

**LONDON, May 21.**—A special correspondent of the Daily Telegraph reports that the German ambassador at Brussels has been instructed to request the Belgian government to prohibit religious processions, and that the object of this measure is the overthrow of the Belgian Cabinet. The correspondent guarantees the accuracy of the report.

A special dispatch to the Morning Post announces that Gen. Kaufman has returned to Turkistan and resumed the Governorship.

**PARIS, May 21.**—An international metric convention was signed in this city yesterday by the representatives of all the powers which participated in the conference on the metric system.

## The Osceola Fire.

**NEW YORK, May 21.**—A dispatch reporting the progress of the Osceola fire says: Hardly had the flames found their way into the lumber piles when a terrible explosion was heard and a house some distance away was blown into atoms. It had been a hardware store and in the stock were two barrels of blasting powder. The explosion sent the burning fragments of the house in different directions, and besides igniting a portion of the town at that time touched by the flames, set fire to the woods a long distance back of the place where the fire first appeared. The loss on cut lumber alone, which was ready to be shipped, will be over 1,500,000 dollars.

## Indian Killed.

**LAKE CITY, FLA., May 21.**—Greybeard, the most troublesome of the Indian prisoners en route for St. Augustine, jumped from the train, this morning, while it was running twenty-five miles an hour, between Live Oak and Lake City. The train was stopped and he was found secreted in the bushes about a hundred yards from the road. He ran and was shot down by the guard, the ball passing through his body about the waist. He expired as the train was leaving Sanderson, about two hours after the shot.

## Cardinal McCloskey.

**NEW YORK, May 21.**—At the reception given Cardinal McCloskey yesterday by the pupils of the Convent of Mt. St. Vincent, on the Hudson, he was presented with a basket of flowers containing a pectoral cross. The cross was of diamonds, with two topazes. It is worth \$20,000, and was the gift of the community of Mt. St. Vincent.

## The Mecklenburg Centennial.

**MEMPHIS, May 21.**—Notwithstanding the rain of last night the celebration of the Mecklenburg Centennial at the theatre was quite a success. The building was comfortably filled, and the stage was handsomely decorated with ever green, national flags and inscriptions. Ex-Gov. Harris presided.

## The Tilton-Beecher Suit.

**NEW YORK, May 21.**—Upon the resumption of the Tilton-Beecher trial to-day Judge Porter continued his summing up.

## MONETARY AND COMMERCIAL.

In financial affairs there is nothing of importance to note. Money continues unchanged, for while there is no pressing demand for commercial purposes, business remaining very dull, there is much complaint on the street of "hard times." In New York money is still quoted very easy, with call loans at 2½ per cent, and prime mercantile paper at 4½ per cent. State securities firm, \$500 Virginia consols coupon selling at 90½ for large, and 90 for small—an advance of ¼. Virginia deferred to the extent of \$125,000 sold at 90½—an advance of ¼. In Railroad securities there is very little doing, and we quote:

## REMARKS.—The receipts of Flour are light,

with a moderate demand; prices are unchanged. Wheat has been dull and drooping all the week, and prices have declined 5½c during the week, the market closing dull at the decline; offerings of 2007 bushels, with sales of a choice white lot at 145, and red at 130 for fair, and 140, 142, 143, 145 and 146 for prime to choice. Corn closes moderately active at a decline; offerings of 1165 bushels, with sales of white at 90, and mixed at 89. Rye is very scarce and in demand. Oats are active and firm; offerings of 124 bushels, with sales at 78. The total offerings of Grain on "Change for the week ending to-day were: Wheat 11,363, Corn 8178, Oats 1435, and Rye 184 bushels. Poultry is dull. Choice fresh Butter is scarce and in demand. Eggs are in limited receipt and in request. Good large potatoes are scarce, while small and inferior lots are neglected. Bacon is weak. Plaster and Salt are unchanged. Sheep shearing has been very backward by reason of cool weather, but the new clip now begins to come in, with a fair enquiry at quotations.

**ALEXANDRIA CATTLE MARKET, May 21.**—The receipts of Beef Cattle this week have been about the same as last, and the market presents no new feature; sales at 57½c per lb, with a fair supply and tolerable demand. Veal Calves 4½c per lb. Sheep in fair supply, with sales of clipped at 44½c per lb, and wool at 57½c per lb. Lambs 34½ to 50 per head. Hogs 10½ to 11, and cull. Cows and Calves 25 to 35.

**BALTIMORE CATTLE MARKET, May 20, 1875.** Beef Cattle—Prices to-day ranged as follows: Best Beefsteaks.....\$6 25 to 7 25 Generally rated first quality..... 5 25 to 6 25 Medium or good fair quality..... 4 50 to 5 25 Ordinary thin Steers, Oxen and Cows 4 00 to 4 50 General average of the market..... 5 25 to 6 00 Extreme range of prices..... 4 00 to 7 25 Most of the sales were from..... 5 25 to 6 00 The market opened quite slow this week, and so continued for some time, with the prices a shade off from last week, but a while before the close, and during the most of the last day of operations, it became more active, and prices improved on the opening rates, closing a shade higher in some instances than last week. Total receipts for the week 1152 head. Total sales for the week 1150 head.

Cows.—We quote Milch Cows at 30, \$45 per head, and market dull. Sheep and Lambs.—There is scarcely a noteworthy change to record in prices of Sheep in view of the quality of the offerings. There is scarcely as much activity in the market as there was at the time of our last report; the numbers very little, and the quality is scarcely as good. There is a fair demand for good Lambs. We quote Sheep at 45½c per lb gross. Lambs 25 to 26 per head. Receipts this week 3057 head. Hogs.—The market has been slow during the week. The receipts comprise mostly low priced, but sold at 10½c afterwards, but there has been little life in the operations, the feeling being that any great increase in the receipts would further depress prices, which have declined ½c per lb since last week, few sales being now effected at our extreme top figures. At the close prices are a stand, the indications being towards lower figures. We quote buyers' favor. We quote Receipts this week 3670 head.

**NEW YORK CATTLE MARKET, May 20, 1875.** Receipts 1953 head. A little more than one fourth of the offerings were steers of common to fair quality, and nearly three fourths were native corned Steers of fair to prime quality. Cattle Receipts were 1000 head, chiefly State veals of common to good quality. The demand was urgent, and the sales were active at 5½c per lb, with a few of the best up to 8½c. Sheep and Lambs.—Receipts 1035 head. Sellers were asking a slight advance in prices, but trade was dull and sales were few. Limited few good to extra dressed Sheep were sold at 52½c per lb; fair unshorn do. at 7½c per lb, and ordinary Spring Lambs at 11½c per lb.

Hogs.—Receipts 4996 head. Barely 20 were offered alive—fair Ohio corned, 183 lbs average—and sold at 7½c per lb. Dressed hogs were active and firm at 9½c per lb.

Hogs moderately active; prices reduced all around, but trade was dull and sales were few. Limited few good to extra dressed Sheep were sold at 52½c per lb; fair unshorn do. at 7½c per lb, and ordinary Spring Lambs at 11½c per lb.

Hogs.—Receipts 4996 head. Barely 20 were offered alive—fair Ohio corned, 183 lbs average—and sold at 7½c per lb. Dressed hogs were active and firm at 9½c per lb.

**GEORGETOWN CATTLE MARKET, May 21.**—The offerings of Beef Cattle this week have been light, numbering only 120 head, but sufficient for the demand, which is light; sales at 57½c per lb, and dull; about 30 head were left over. There were 2000 Sheep and Lambs offered, 1800 of which sold at 40½c per lb for Sheep, and 25½c per head for Lamb. A few Cows and Calves brought from 25 to 35. The market generally was very quiet.
